# UNITED STATES MINT, PHILADELPHIA

On April 2, 1792, an Act was passed establishing the United States Mint. As a result of this Act, a plot of ground was purchased in Philadelphia, located on the east side of Seventh Street, below Arch Street. For forty years, the Federal Government continued to use the old building on Seventh Street as the National Mint.

On the fourth of July, 1829, the cornerstone was laid for a new Mint on the northwest corner of Chestnut and Juniper Streets at a cost of \$281,000.00. For over seventy years, this building was used as the Philadelphia Mint.

The third and last building of the Mint at Philadelphia, completed in 1901, is a massive granite structure in the Roman Ionic order costing with the ground, \$2,025,000.00, and occupying a full city block. The plan is a hollow square with fronts on each of the four streets, a cross wing in the center, and two interior courts. The building is three stories above the basement, covers 58,000 square feet, and has a mezzanine floor in the cross wing, and the working portion half way between the first and second stories, which affords means for visitors to witness, from balconies, the operations of the mint without disturbing the workmen below. In the basement are the vaults for the storage of coin and bullion.

## EARLY COLONIALS

Lot No.

1. **Sommer Island VI Pence (1616)** Exceedingly rare.

A hog standing facing left, the value VI above. The legend is barely discernible, SOMMER ISLAND. Reverse, a ship in sail, clearly showing. One cannot expect condition on these coins due to the fact that they eroded rapidly and were used quite extensively. The VI Pence, we have never handled in our many years of cataloguing and we note that it has been many years since one has been listed. Difficult to grade or estimate the value, but feel we must call it V. Good and should exceed \$500.00.

Lot No.

3. **Massachusetts 1652. Shilling. Pine Tree variety.**

Late strike. Large planchet and with die break at GL of ENGLAND. Noe No. 8. Tiny immaterial planchet defect. V. Fine. Worth over \$100.00.

**PLATE**

4. — 1652 Shilling. **Pine Tree.** Small planchet. Noe No. 29. Struck trifle weak above the tree, otherwise very bold. V. Fine. Worth over \$75.00.

5. **Lord Baltimore Groat (1659). (IV Pence).** Another outstanding rarity. Bust of Cecil Calvert to left. Lettering very bold with the exception of in back of the head. Tiny edge planchet crack. Reverse, the family crest, legend, when translated, INCREASE AND BE MULTIPLIED. Of the Lord Baltimore series, this, the Groat, is the rarest denomination and has seldom been offered at a public sale. Though struck on a slightly defective planchet, it is still a highly desirable item and one of the most sought after silver colonials. Our conservative estimate of \$250.00 will most probably be surpassed.

6. **Mark Newby (no date) Halfpenny.** Obverse, King playing the harp. Reverse, St. Patrick surrounded by people. A few recent sales have featured some nice Mark Newby Farthings, but this is one of the few times that a **Halfpenny** in nice condition is being offered. For those who have been seeking an acceptable example of this coin, \$75.00 is a reasonable estimate. Nice light brown toning. V. Fine.

7. **Mark Newby Farthing.** Obverse similar. Reverse, St. Patrick driving away reptiles and snakes. V. Good. \$12.50.

2. **New England Shilling. (1652). A NEW DIE VARIETY.** Obverse stamped NE, which is nearly centered. Reverse stamped with the value XII to left with peculiar stamped Roman Numerals. This coin has the obverse of Noe No. 1 but is combined with a completely new reverse die that was not known to Crosby or Noe. Once before, a coin with this die combination was offered, Chapman's Jackman Sale 1918, lot No. 2, and was there described by Mr. Chapman, who was a meticulous Cataloguer, as a new variety unknown to Mr. Crosby. The whereabouts of that piece is unknown today, and for all intents and purposes, this is the only piece extant!. This coin has been authenticated as to its genuineness and attribution by some of the most prominent numismatists in the country. Though it is difficult to estimate the dollar value of such a great rarity, it would not surprise us to see this coin sell for substantially above the \$1,000.00 mark. V. Fine. **PLATE.**

Lot No.

8. **Rosa Americana Twopence.** (undated). Bust of George I to right. Reverse with a full blown rose. But for light stain, this would be a gem. Not a rarity but in this very rare uncirculated condition, should exceed \$75.00. **PLATE.**
9. — — Penny. (1722). Similar to above. This again is a trifle more stained but a superb example of this type. Practically uncirculated, making it a rarity due to conditions. Worth over \$75.00.
10. — — Halfpenny. 1722. This is the very rare halfpenny with the obverse inscription GEORGIUS. D: G: REX. Underrated and undervalued. V. Fine. Worth close to \$50.00
11. — — Twopence. 1723. Obverse similar to above types. Reverse has the crowned rose. Far above the average as to condition. Ext. Fine and worth over \$50.00
12. — — Penny. 1723. Again a choice example. This one also showing the crowned rose on the reverse. Prac. Unc. Worth \$50.00.
13. **French Colonies 9 Denier.** 1721. B mint (Rouen). Breton 507. The rarest of the French Colonies coppers. This piece has an attempted puncture in the C of COLONIES, but fortunately it was not completed. The obverse shows no sign of damage. An estimate of \$75.00 for this rarity is well within reason and is far less than its true value. V. Fine.

14. **New York Excelsior Cent.** 1787. Eagle on shield facing to left. The Excelsiors, this, and the following lot, have been unappreciated for a long time, but are now recognized as major rarities in the colonial field. This coin has an attempted puncture on the obverse which is barely noticeable, and another on the reverse. However, neither of these pierced the coin. Our estimate is that a bid of \$150.00 might just lose this coin. Fine. **PLATE.**

Lot No.

15. — — — 1787. Eagle on shield to right. Though not reflected in the present Guidebook or Standard Catalogue, this coin, with the eagle facing right, is considerable rarer than the preceding and is very seldom seen in any condition. This choice and famous coin, ex-Jackman, lot No. 144, ex-Bushnell, lot No. 891, should realize at least three times the amount of the preceding lot. V. Fine. **PLATE.**

16. **Continental Dollar.** 1776. CURRENCY. Newman 1-C. This beautiful uncirculated specimen with prooflike surface is marred only by a very slight corrosion spot on the sun dial and considering the overall beauty of this coin it really is unimportant. It would surprise us to see this coin sell for less than \$250.00. **PLATE.**

17. **Fugio Cent.** 1787. The extremely rare variety with UNITED above, and STATES below. Newman 11-A. This superb, practically Uncirculated example can hardly be duplicated as to rarity and condition. Worthy of a home in any outstanding collection. We feel that \$200.00 would be a cheap price to pay for the acquisition of this coin. **PLATE.**

## Lot No.

18. — — 1787. Club Rays. Newman 4-E. Though not as rare as the preceding coin, this one is rare in its own right and seldom found in such nice condition. V. Fine. We feel that the bids will go higher than \$50.00 for this variety.

19. — — 1787. Raised Star on Label. Newman 15-Y. A rare variety, and in this condition, nearly Fine, should bring. \$30.00.

20. **Virginia Penny.** 1773. In Proof. Not to be confused with the common Virginia halfpenny which show up so often. This is the extremely rare Penny. This beautifully toned brown proof, is just about unexcelled as to striking, color, surface and lustre. It must be seen to be appreciated. Our guess that \$200.00 might purchase it. PLATE.

21. — Halfpenny. 1773. Type with periods. Similar to above but naturally on a slightly smaller and thinner planchet. Sharp uncirculated with considerable red. \$15.00.

22. **New Yorke in America.** Another Rarity! Although the condition of this piece leaves a lot to be desired, it is seldom obtainable in any condition. The last specimen offered at public auction realized about \$200.00, and it is not inconceivable that the price of this piece, though inferior, will now approach that figure. About Good.

23. **Castorland Half Dollar** 1796. An Original struck in copper. Plain edge. Beautiful illustrated turreted female head to left. In semi-circle **Franeo-Ameriean-Colonia. Castorland, date below.** Reverse, Ceres standing in front of maple tree with sap flowing into a vessel, beaver below. From the B. G. Johnson collection. Seldom offered and possibly rarer than the original's in silver. V. Fine. \$125.00. PLATE.

24. As above only restrikes in Silver and another in Bronze. Both in Matte finish. Catalogues in uncirculated at only \$15.00. Worth more.

## Lot No.

25. **Chalmers Shilling.** 1783. Short Worm variety. Not a rare coin but highly underrated judging from its infrequent appearance. Fine. Should bring over \$60.00.

26. **Washington** 1783 (Cent). Draped bust and the rare variety that has a button on the drape. Reverse shows the figure seated on a square box. The edge has a slight amount of solder where it has evidently been mounted, but does not overlay on either obverse or reverse rim. This rare variety should be examined carefully by the specialist. It probably will bring in the neighborhood of \$30.00. Fine.

27. — Washington and Independence variety. 1783. **Restrike in silver.** Draped bust of Washington. Reverse. Liberty seated. Beautiful toned prooflike surface, showing only a faint touch of rubbing. Worth over \$40.00.

28. — 1783. Small military bust of Washington. Plain edge. Another rare variety that is seldom offered or found in any condition. The reverse has been cleaned and lacquered. V. Good. Worth \$25.00.

29. — One cent. 1791. Type with large eagle on reverse. Ext. Fine \$25.00

30. **Washington Liverpool Halfpenny.** 1791. Bust of Washington. WASHINGTON PRESIDENT, 1791. Reverse, a ship, LIVERPOOL HALFPENNY. Another rarity and one that is avidly sought by collectors of Washingtonia. Ext. Fine. This coin definitely in the \$200.00 class. PLATE.

31. **GEO. Washington, Born Virginia, Feb. 11, 1732.** (1792). The ten line inscription on reverse, well struck. This coin is usually found with the reverse die buckled and the center part of the inscription worn off, but this specimen is a sharp striking and only shows a slight weakness in the center. Ext. Fine, and one of the better known examples of this rare coin. Also in the \$200.00 class. PLATE.

32. **Washington Grate Cent.** 1795. Bust to right. Reverse, a Grate. Small planchet defect at rim. Reddish brown with considerable red. Uncirculated with proof-like surface. Worth over. \$30.00.

33. **Lots of Colonials.** 1723 Woods Halfpenny, V. Good to Fine (2) : 1783 Washington Unity States, V. Good; Massachusetts 1787 Halfpenny, Fine; New Jersey Cents, 1786 and 1787, small and large planchets varieties. 6 pcs. Worth at least \$15.00.

## HALF CENTS

 521. 1929 PS, 30 PS, 31 S, 34 PD, Uncirculated, mostly sharp, worth over \$30.00.  
 522. 1929-S, 30, 31-S Uncirculated, 3 pes., worth over \$15.00.  
 523. 1926 (2), 1935-S (5), 1936-D (5), 1936-S (2), Brilliant Uncirculated, 14 pes. worth over \$25.00.

 525. 1936 Brilliant Proof Gem, \$75.00.  
 526. 1937-D 3 Legged Buffalo, Sharp, Ext. Fine, \$12.50.  
 527. Set of Buffalo Nickels in 3 Seitz plastic cases. Complete, lacking only the overdate and the three legged nickel. The dates are all exceptionally clear, the horn on the buffalo's head on nearly 90% appear near half or full. The important dates 1913-S Ty.1 and 2 are Fine; the 1913-D Ty.1 and 2, 1914-D, 1917-S, 1919-DS and 1921-S are V. Good to Fine. Set should be graded trifle better than V. Good, average worth close to \$100.00.  
 528. Another set of nickels lacking the same two coins, in an old time folder issued by J. Oberwise Co. This set as an average is still nicer than above and would say one could safely bid 25% more than the preceding lot.  
 529. Another set, the third one, in a Meghrig Popular Album, this set is still a trifle better than above sets, and also is complete. With the scarce 1918 over 17-D nickel. Unfortunately someone had to play around with this rare coin and it has an attempt puncture in back of neck and two others under the buffalo's head. Very bold overdate. The 1937-D 3 legged is F—V. Fine, as a whole this set should exceed \$175.00.  
 530. Another set, the fourth one, in Whitman folder without the overdate, or the 3 legged nickel). This set we note that it has an extra 1913-D Ty.1 Fine instead of a 1914-D. In all general appearance this set should be in the grading as to the No. 1 set listed here as an average and bring all of \$100.00 even if it does lack the 1914-D and a few are only fair, but this set has a 1913-S Ty.2 Ext. Fine.

### Lot No.

531. Another set, the last and fifth one, in similar type folder. This set we note has two 1913-S Ty.1 nickels and no 1913-S Ty.2 nickels; as to grading, it compares possibly a shade below the preceding lot and with the missing date, we would say this set was worth approximately \$75.00.

## SECOND SESSION

# Thursday, August 22, 1957

Pennsylvania Room

1:30 P. M. Sharp

## UNITED STATES LARGE CENTS

Extensive collection of early large cents, not in top notch condition but rich in varieties with a few outstanding rarities. An opportunity for the collector to acquire a few extra varieties and not have to go to \$1000.00 for Gem specimens.

### CENTS OF 1793

#### Lot No.

752. Sheldon 1, **Rarity 4**, Chain Cent. Wide date variety with the word America spelled **AMERI**. Obverse Fine, Reverse nearly V. Fine (18) Worth \$200.00. PLATE

753. Sheldon 2, 1-C, **Rarity 4**, Chain Cent. Rarer than the S 1. Wide date with America spelled out. All detail clear especially **LIBERTY**. V. Good. Reverse somewhat bolder, nearly Fine (9) and worth \$175.00. PLATE

753A 1793 Another S.2, 1-C, Chain America. Obverse with trifle even rough surface, Liberty and Date and most of Liberty's head, very bold. Fine. Reverse, very bold and sharp, with three tiny immaterial edge nicks. V. Fine. Coin is F-V. Fine (17). Worth all of \$250.00.

754. S.3, R.3, Chain America variety with letters irregular in Liberty. Lower locks of hair longer. Old pitting noticeable at Liberty. V. Good (7). Worth \$100.00.

755. S.3, another Chain Cent as preceding lot but struck on a broader and thinner planchet. V. Good (6).

756. S.4, **R.4**, another Chain Cent variety with period after the date and Liberty. Obverse trifle rough, Liberty exceptionally bold. Reverse somewhat bolder, small scratch at A of America. V. Good (9). \$150.00.

757. S.5, Wreath type, large date, small heavy bow. Everything is legible and clear. Reverse trifle better. There is an edge damage at Liberty. V. Good (10) \$75.00.

758. S.6, another Wreath type. The Sprung Die variety, also with small heavy bow. Obverse two tiny edge nicks. Reverse is very sharp, nearly Ext. Fine. F—V. Fine (18) Probably will realize close to \$150.00. PLATE

759. S.8, Wreath type, R.3 Horizontal stem variety with high triangular bow. Nice even wear, nearly Fine (12) \$125.00. PLATE

#### Lot No.

760. S.10, **R.4**, Wreath cent, bar and vines. Injured rim and period after Liberty variety. This specimen has old pitting and numerous light scratches on obverse, otherwise very bold. Would normally be V. Fine but with the above noted comments, Fine (15) (We note this is listed as **R.5** in other listing?? Dr. Sheldon lists **R.4**.) Probably worth \$125.00.

761. S.10, another, steel toned. Light pitting in field and front part of the face, otherwise Str. Fine (18) Worth over \$160.00. PLATE

762. S.11-B, **R.4**, Lettered edge and **double leaf variety**. Nicely centered and evenly worn showing trifle weakness at lettering at TES. Two small rim nicks. Nearly Fine (9) Scarce variety, worth \$150.00. PLATE

763. S.11-C, **R.3**, lettered edge with single leaf variety. Obverse nearly V. Fine. Edge has been scraped (for identification.) Reverse sharp and legible but old green erosion has attacked the surface. Fine (15) \$135.00.

764. S.13, **R.4**, **Liberty Cap** variety. Bust is nice and clear. Liberty trifle weak but readable. Date is bold. Reverse considerable better. Obverse is G—V. Good. Reverse Fine. A rare cent and variety. Probably worth close to \$250.00.

765. S.14, **R.5**, Liberty Cap, the bisecting crack variety. The surface of this coin is heavily eroded, bust showing and Liberty bold, date showing very weakly. Reverse much bolder. Probably should be called a Census (8) Coin. In this state of preservation we realize that it is difficult to place a valuation on this rare variety but venture to say that it could realize \$250.00.

## LISTING HEREIN THIRTY-SEVEN

### 1794 CENTS 36 DIFFERENT VARIETIES

766. S.17, **R.6**, **Head of 1793**, with the wide straight date. Obverse nearly Fine; Reverse Str. Fine (11-15). This date and variety seldom listed or offered and is very scarce. Should exceed \$100.00. PLATE

767. S.18 b, **R.4**, **Head of 1793**. Double chin with edge device of '94. Few small edge bruises. Fine (12) \$50.00.

768. S.19 a, **R.6**, Head of 1793, double chin variety with edge device of 1793. This specimen would be graded nearly V. Fine but for having a heavy eroded surface a top of Liberty's head and into the lettering, also at the fraction and RICA of America. Very scarce, should exceed \$75.00.

## CENTS OF 1794

### Lot No.

769. S.20, R.5, another Head of 1793 with the straight date. Few tiny edge nicks and trifle weak at UNITED. Nearly Fine (11) Another scarce variety, worth \$65.00.

770. S.21, R.3, the Flat Pole variety. Obverse and reverse very sharp. Str. V. Fine (25) \$50.00. PLATE

771. S.22, Bent lock and mounds on reverse variety. Obverse nearly V. Fine; Reverse weak appearance as characteristic of this die. F—V. Fine (18) \$37.50.

772. S.24, R.2, searred head, full checks. Obverse is nearly V. Fine but has light scratches at the date. Reverse trifle worn in the center with light scratches. Fine (12) \$30.00.

773. S.25, R.3, date spaced 17-94. Severed hair strands. Very nicely centered and very sharp. Str. V. Fine (30).

Note: This is an original Hays' Coin since it is a far gone conclusion that Mr. Hays always marked his coins on the edge in white as this is 14-16. A very scarce coin in this condition and with this pedigree it may bring over \$100.00. PLATE

774. S.26, R.2, similar to above but with reverse having may die breaks. Rough pitted surface, V. Good (8) \$17.50.

775. S.28, R.3, Liberty set very high. Lock ends in vertical line. This coin is very sharp but has been cleaned years ago leaving it with a rough surface and a reddish toning. Str. Fine (15) Worth \$30.00.

776. S.30, Marred field and tailed reverse variety. Head of Liberty low, crowding the date. Die break through the R of America, weakly struck at top part of wreath which is characteristic of this die. Tiny edge bruise at 4 of date. Glossy brown and steel toning. Ext. Fine (35) \$75.00. PLATE

777. S.31, R.2. Second marred field, long fraction. This variety is struck on a large planchet. Fine (15) \$22.50.

778. S.32. Always off center and with upturned locks. Fine (15) \$17.50.

779. S.38, R.6. Low head variety with single berry left of bow. A few edge dents. V. Good (10) \$40.00.

780. S.41, R-4. Abrupt hair variety with tiny berries. Die break from D of United across CEN of Cent. Glossy steel toned. V. Fine (35). Worth \$75.00. PLATE

781. S.43, R.2, Short bust variety, always weak at OF. Glossy medium brown. Nearly V. Fine (20). (This must have been an original Hay's coin, since it also is marked on the edge Hays 22. Should enhance the value). \$50.00. PLATE

782. S.44, R.2. Short bust variety, with large berry opposite C of Cent. With numerous die breaks. If not for the heavy pitting this coin would be Ext. Fine. Dark glossy toning and still sharp. V. Fine (30). \$40.00.

783. Another S 44, Bold. V. Good (10).

784. S.46, R.2, Braided hair variety with crossed E in Cent. Tiny planchet flaw in field in back of hair. Nearly Fine (12) \$25.00.

785. S.49, R.2. Short bust variety with closed wreath and perfect obverse dies. Old pitted surface, steel toned. Nearly Fine (12) \$20.00.

789. S.57, The Pyramidal head with button on cap. Steel toned. Fine (18) \$20.00.

790. S.59, R4. Thick hair, wide date struck on a thick planchet. Pitting at the date, "4" is not clear, few light scratches. Reverse is very nice. Probably will grade Fine (15). Very scarce since this variety seldom comes better than V. Fine Worth over \$60.00.

791. S.60, R.4. Thick hair, close date, high right ribbon. Obverse V. Good and bold, reverse Good (8). \$20.00.

792. S.61, R.4. Thick hair, close date, high right stem. Only good (7) but very scarce. \$15.00.

799. S.69, R.4. Head of 1795. Five braided locks, small circular curl. Heavy old pitting, otherwise strictly V. Fine. Worth Fine price of \$35.00.

800. S.70, R.2. Nearly Fine (10). \$17.50.

801. S.71, R.2, Type of 1795. Five braided locks, triple leaf under D, lines across bridge of nose from a die injury. Medium brown. V. Fine (3). Difficult to acquire in this condition. Another Hay's coin indicated by the marking on the edge H.37. Will possibly bring over \$60.00. PLATE

802. S.72, R.2. Known as the exact head of 1795. No curl at lowest lock. This is also a variety with the perfect obverse, no die breaks. Sheldon lists but two, recent research disclosed 7 or 8, making this still a scarce one. Nearly V. Fine (20). Should bring over \$75.00. PLATE

## CENTS OF 1795

803. S.74, R.4. Lettered edge. ONE CENT high in wreath. Single leaf variety. A nice medium brown. Nearly Fine (12). Scarce as a type coin. Should bring well over \$50.00. PLATE

807. S.76b. Plain edge. ONE CENT in center. V. Good (10). Worth over \$25.00.

808. S 78, Plain edge. ONE CENT in center. Known as the Free Date. First appearance looks like it is an Ext. Fine coin with glossy surface. However, coin had been corroded and retooled. Coin not as bad as it sounds. Worth \$20.00.

## CENTS OF 1796

## Liberty Cap Varieties

818. S.94, R.5. Hyphenated 7-9 in date, right branch terminates with double leaf. Surface has minute nicks, reddish brown toning. V. Fine, very near a (30) coin, making this a very desirable one. Would not surprise us to see plenty of action on this one and have it bring well over \$150.00. PLATE

819. N. C. 2, R.8 This is the exceeding rare hyphenated 7-9 of date, with both branches terminating with single leaves. ## Lot No.

1397. 1950 Dime **Very thick, very rare.** (None of the thick ones offered herewith are the high wire edge coins) but thick completely, rim and center. This is by far the scarcer of the preceding lots. In 20 some odd years we have never handled over 3 pcs., difficult to evaluate. Prac. Unc. Estimated \$50.00.

1398. 1891-O **Double thick dollar, possibly unique.** From the ex-Colonel Green Collection. I purchased this one years ago, a handsome price for it which at the time did not concern me at all since it fit in my collection. It has a few light edge droppings. V. Fine. Should exceed \$300.00.

1399. **Fragments,** Lincoln Cent, extremely ragged edge in front of Lincoln's face, about one-third of coin missing; also the tiniest pcs of a fragment we ever have seen. Well struck, showing only small portion of Lincoln's face, and TATES and RICA and part of a wreath on reverse. Ext. Fine. 2 pcs.

1400. 1944 Cent, **Elliptical planchet**, egg or oval shaped, unusual error caused when planchet is punched, then instead of remaining in its normal place, it flips backward and is caught by the punch again causing it to become oval or elliptical shaped. Ext. Fine. It is advised to become familiar with this type and recognize the appearance of this cutting before buying since it could be fabricated to appear genuine. A very rare error.

1401. Cartwheel or flanged edge types, caused by collar breakage. 1919 nickel with complete flanged edge, and 1944 nickel complete flanged edge; 1944 dime complete flanged edge with part milling showing completely around; also 1946 Roosevelt dime with part flanged edge and part milling and a 1952 quarter with part milling and part flanged edge. 1403. 1877-S Trade dollar "struck in Proof. Not the usual Proof surface but Br. Proof. Same description as above but less milling and more of the plain edge showing. This also has a piece out of the edge done at the time of striking. Probably unique in all respect. Estimated \$50.00.

1405. **Incused coins**, caused by the struck coin not being ejected and the incused one being struck over the stationary coin. This is a large cent of the (1820) period, with reverse dies perfect and obverse struck with an incused reverse. Scarcer variety than the type with obverse strikings. Fine, \$25.00.

1406. **Two and Three Legged Buffalo.** 1937-D Three legged Buffalo, showing most of front leg missing, part of hoof show. Fine. Also a 1936 Two legged Buffalo with most of hind leg gone. **OFF METAL COINS**

One of the most desirable types and most difficult to obtain. The following lots we advise to bid, if you intend to possess them. They definitely will become rarities.

1441A 1920 Lincoln Cent, struck in nickel. V. Fine. Maybe unique as to date. V. Fine. Definitely rare and far scarcer than the silver cents. Should exceed \$100.00.

1442. 1941 Lincoln Cent struck on a brass planchet. (For foreign coins.) Very scarce, possibly not over 8 to 10 pcs. known. V. Fine. Estimated \$50.00.

1443. 1956 Lincoln Cent struck on a Dime planchet, trifle weak in parts, characteristic for type. (We are making a survey of silver cents and up until now, we have had approximately 8 pcs. of this date reported.) **No Silver Cents should bring under \$100.00**, regardless of date or mint since the popularity has increased considerable in the past few years. We have in our collection (not for sale) 13 different dates and did pay up to \$175.00 for certain date and mint marks.

1444. 1941 Jefferson nickel struck in bronze on a cent planchet. Bold struck with light scratch which is not too important on a mint error. V. Fine. Scarce, only a few exist and possibly only two of this date known. Worth \$100.00.

1445. Another but dated 1953, Jefferson Nickel struck on a bronze cent planchet. Prac. Unc. Sharp; as to date, this could be unique????

1446. (1952) Jefferson nickel struck in silver on a dime planchet. Trifle weak, which is generally characteristic. Fine and V. Scarce. Possibly scarcer than the bronze nickel. Should exceed \$150.00.

**OFF PLANCHET COINS**

In other words, smaller sized planchets struck in error on a press striking larger sized coins.

1446A 1951-D Jefferson Nickel struck on a dime planchet. Weak struck as usual. Fine.

1447. 1955 Quarter struck on a dime planchet. Near perfect centering and sharp. This in our opinion is even scarcer than the preceding types.

1447A. 1951 Franklin 1/2 dollar struck on a quarter dollar planchet and Uncirculated, scarce and increasing in demand. The last one offered in the Central States Convention brought \$75.00. This one will probably exceed \$100.00.

### U. S. PATTERNS,

### TRIAL AND EXPERIMENTAL PIECES

One of the most neglected series of our entire numismatic series. For example: Many are R.12, 13, etc. Only a few made of each design made by famous engravers that were of beautiful design and never adopted in favor of the accepted designs of the regular coinage of unfavorable design. All that this series needs is a very few serious collectors and the prices as should be would skyrocket and in many cases some even would become virtually uncollectable.

**Lot No.**

2216. **\$10.00 OBVERSE AND \$20.00 REVERSE.** 1902 National Note, on the Northwestern National Bank of Grand Forks, N. D. Portrait of Wm. McKinley, blue charter number and seal. Teehee-Burke. Has been creased vertically, however this is not detrimental to a note of this nature. Not only is this note rare due to being a double denomination note, but it also is a scarce western note. Very difficult to determine the true value on a rarity as this, as how many can exist of the type (?) but will venture to say that it will bring well over \$1,500.00

2217. **\$20.00 OBVERSE AND \$10.00 REVERSE.** This note is the bottom note and the mate to the above, same bank, etc. These notes were printed in sheets of 3. \$10.00 notes and a \$20.00. There can only be one of this type to 3 of the above. Naturally this one is many times scarcer. Strictly Uncirculated and we value this note at \$2,500.00

Note: We will entertain a bid on both notes as one lot. If bid is higher than the total individual bid on the above two, they will be sold as a pair.

2217-A **\$20.00 OBVERSE and \$10.00 REVERSE.** 1902 National Note. Third Charter. Portrait of Hugh McCulloch at left. Lyons-Roberts. Blue seal and charter number. Type with 1902-1908 on reverse. This note is on the famous **BANK OF AMERICA, Philadelphia, Pa.**, the first bank in America founded by Robert Morris. This in itself makes it a very scarce note. Oddly enough this note has seen quite a bit of circulation. Has a tear above the seal and three vertical folds. Irregardless of condition, which still could be called Fine, this note is truly a very outstanding rarity. Possibly unique. Bidding should exceed \$2,000.00

2218. **\$20.00 Obverse and \$10.00 Reverse. RESTRUCTED SHEET OF FOUR (4) NOTES.** Federal Reserve of Boston, 1914. Portrait of Grover Cleveland, signatures of Burke and McAdoo. Serial number A1851505A consecutive to A..508A. PLATE LETTERS A-B-C-D. This is one of the only two known sets to exist. Exceedingly rare. Crisp Uncirculated. Worth anywhere from \$3,500.00 to \$5,000.00

**SILVER CERTIFICATES**

Lot No.

2219. F.231. **\$1.00** 1899. Eagle over heads of Lincoln and Grant. **Rare signatures of Napier and Carmi A. Thompson.** Prac. Unc. Crisp. Very scarce and will probably bring over \$200.00

2220. F.247. **\$2.00** 1896. The Second note of the Educational Series. Science presenting steam and electricity to commerce and manufacture. Small red seal. Tillman-Morgan. Reverse has the portraits of Fulton and Morse. **Crisp Uncirculated and much in demand.** Worth \$250.00

2221. F.286. **\$10.00** 1880. Portrait of Robert Morris. Scofield and Gilfillan, **countersigned by Thomas Hillhouse.** Note is only V. Good, but this type is so rare that condition must be accepted as is, when and where it is offered. Undervalued in standard catalogues. Floor bidding should be very active and believe this will bring \$750.00 or more.

Lot No.

2222. F.308. **\$20.00** 1880. Portrait of Stephen Decatur. Large brown seal at top of note with large "XX" below. Scofield and Gilfillan and **countersigned by Thomas Hillhouse.** **Exceedingly rare.** Note is Fine. Should exceed the \$1,000.00 mark.

2223. F.343. **\$100.00** 1891. Portrait of James Monroe at left. Red scalloped seal at right. Rosecrans-Nebecker. V. Good. Very scarce and should bring over \$275.00

2224. Original bundle of 100 pcs. of \$1.00 Silver Certificates. 1935 (A) with **Hawaii** overprint. Catalogue value \$500.00. All crisp uncirculated. One can make over 15 re-constructed sheets of 6 notes each, from this lot.

2593. 1926 Uncirculated, scarce, \$75.00.

Lot No.

2594. 1926-D Brilliant uncirculated, also had very high auction records up to \$2500.00, catalogue value indicates \$1000.00. We believe this one is really scarce and if purchased at full catalog it would be a good buy.

2595. 1926-S Brilliant uncirculated, choice. Catalog value at \$1000.00. This one also has been recorded at much higher figures. In fact, this one now offered was purchased at \$1250.00. As this one is a choice specimen it should not be confused with others of inferior quality offered at lesser figures.

2596. 1927 Uncirculated, scarce, \$80.00.

2597. 1927-S Brilliant uncirculated. Has auction records up to \$1500.00. Catalog value indicates \$750.00. Irregardless, a rare date.

2598. 1928 Brilliant Uncirculated. Choice, \$55.00.

2599. 1929 Brilliant uncirculated, choice. Very scarce. Catalogue value at \$300.00 which is much too low. Worth at least \$500.00.

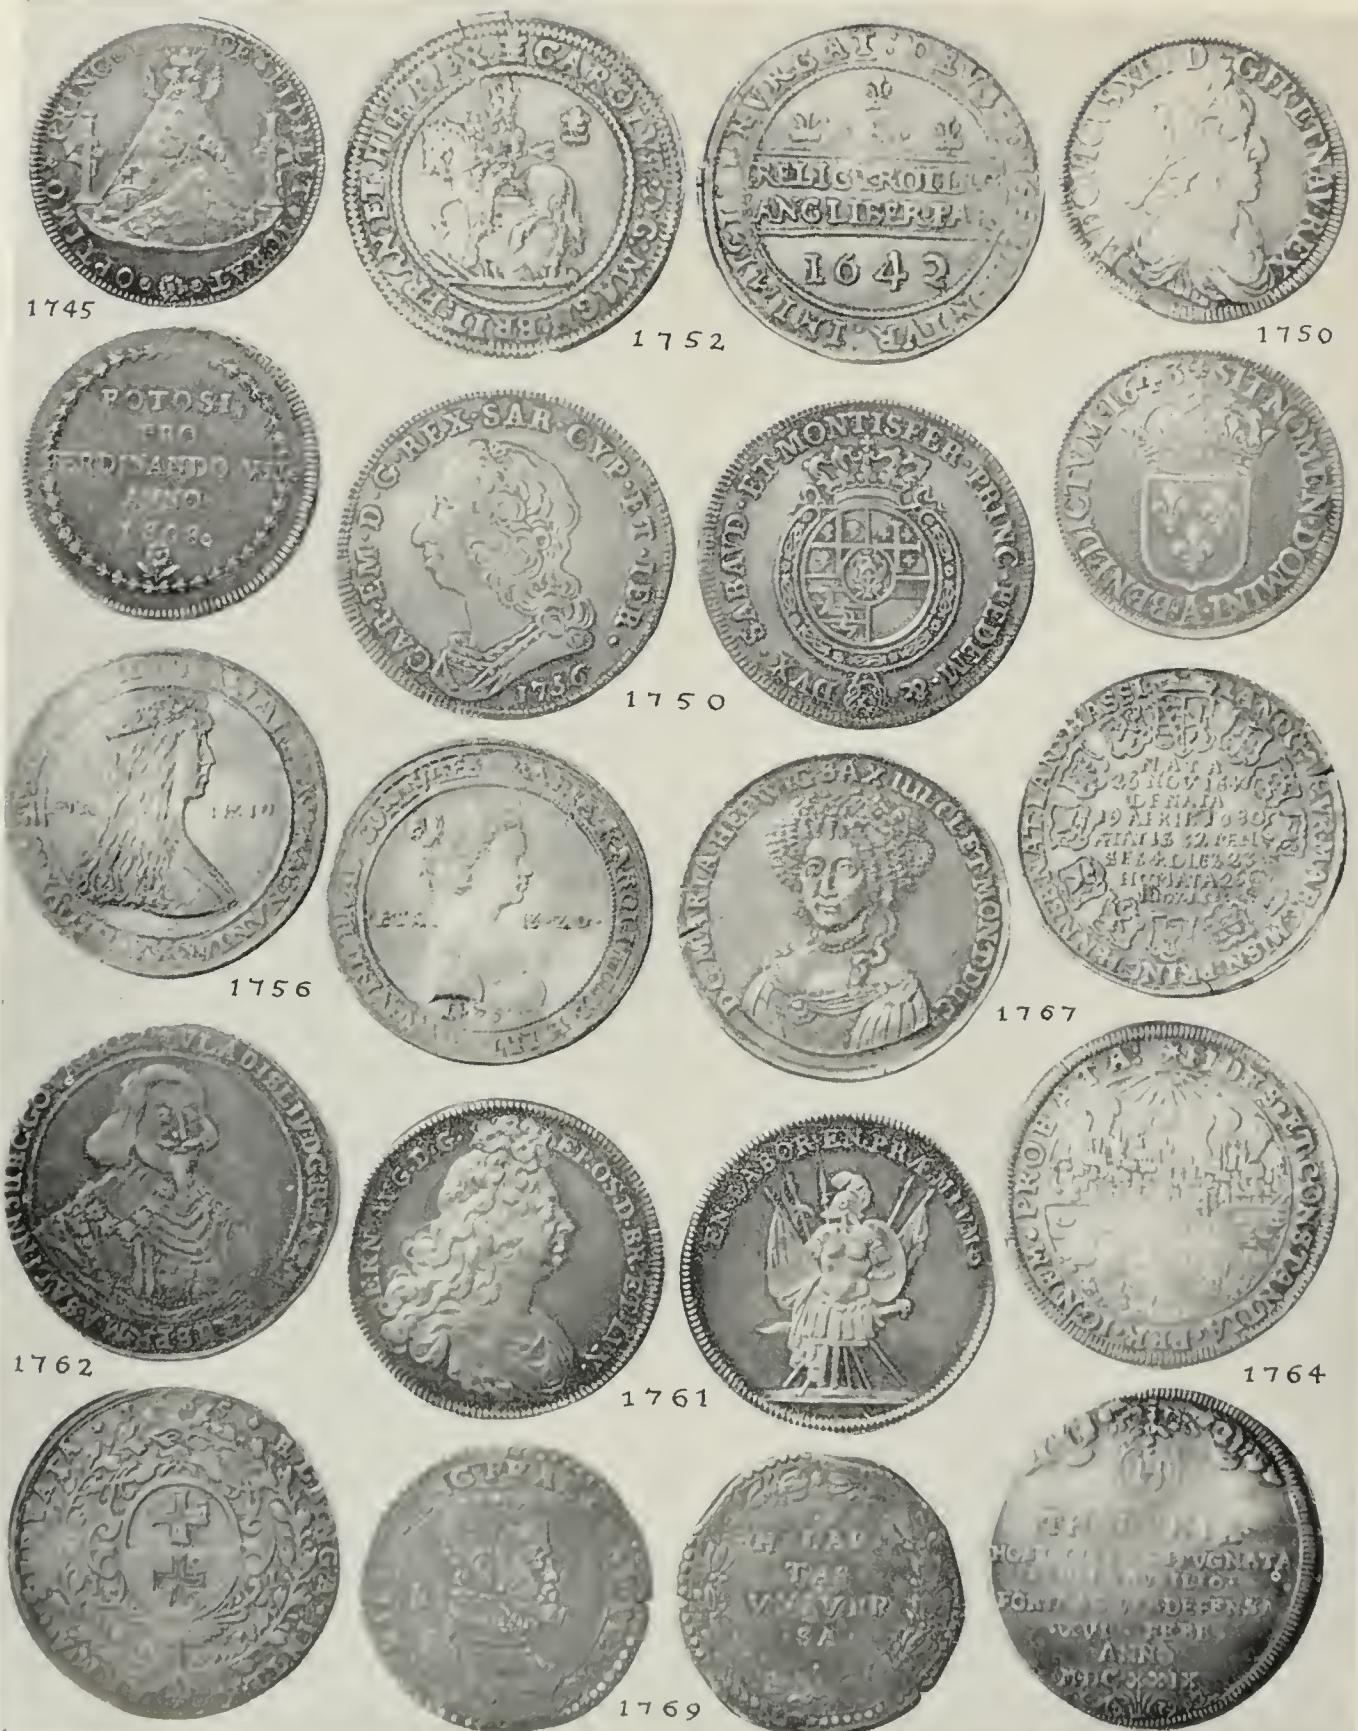

2600. 1931 Brilliant uncirculated, choice. Catalogue value \$400.00 and worth this amount.

2601. 1931-D Brilliant uncirculated, choice. Not in the Melish sale and missing from many other fine sales. This one catalogued at \$700.00. We predict that it will attract much spirited bidding.

2601A 1932 Brilliant Uncirculated. Catalogue value indicates \$350.00 but we feel sure this figure will be much to low for this scarce date.

## AUTOGRAPHED U. S. CURRENCY

The following nice lot of autographed notes are by far, the most ever offered since the famous Albert A Grinnell Sale in 1944. Many are from this outstanding collection many **possibly unique**. It will be a long time before you will have the opportunity to view this many at one time.

### **Autographed Legal Tender Notes**

3033. F.27. \$1.00, 1878. Legal Tender. Bust of Washington in center, Columbus and crew in prayer at left, ornate panel at right. Red rays seal. Signatures of Allison-Gilfillan and **autographed** vertically by **Jas. Gilfillan, Treas. of U. S. A.** Crisp Uncirculated. A real rarity as his autographed signature is very rare, especially on an early note such as this, in superb condition. Regular notes sell at \$30.00 to \$35.00. This should be worth many times this value. From the Grinnell Collection.

3034. F.28. \$1.00, 1880. Similar to above, but with large brown spiked seal and signatures of Scofield-Gilfillan. **Autographed** vertically by **Jas. Gilfillan, with dates added, 1877-83.** Crisp Uncirculated. Also from the Grinnell collection. Regular notes selling around \$20.00. This note possibly equally as rare as the above.

3035. F.30. \$1.00, 1880. Similar, but with signatures of Bruce-Gilfillan, and **autographed** by **Jas. Gilfillan, Treas. of U. S. A.**, vertically on two lines near center to right. Possibly from the ex-Grinnell collection and possibly unique. Crisp Uncirculated. A real beauty.

3036. F.35. \$1.00, 1880. Similar, but with red scalloped seal at left. Tillman-Morgan and **autographed** by **D. N. Morgan.** Crisp Uncirculated. Regular notes sell at about \$25.00, but worth considerable more due to the autograph. However, we insist that this is the commonest of all the autographed notes since in jest it is often said, that Morgan autographed everything including the wall paper.

3037. F.35. \$1.00, 1880, as above, but **autographed, D. N. Morgan/Treas. of U.S/1893-1897** on three vertical lines at center to right. Choice, Crisp Uncirculated.

3038. Another F.35. \$1.00, 1880, as above, with similar signatures, however with **AUTOGRAPHED SIGNATURE OF JOHN BURKE OVER D. N. MORGAN'S SIGNATURE.** Making this and outstanding rarity, possibly unique. How many could exist? Have never seen or handled this one before. Should bring a very handsome price of at least \$100.00 or more.

Lot No.

3039. F.50. **\$2.00, 1880,** Legal Tender. Portrait of Jefferson at left, Capitol buildings in center. Large brown spiked seal. Scofield-Gilfillan and **autographed, Jas. Gilfillan, Secy. of Treasure. U. S. A.**, on two vertical lines at right. Ext. Fine and very scarce. Worth well over \$60.00

3040. F.52. \$2.00, as above, signatures of Bruce-Wyman, with **autograph** at left vertically **A. U. Wyman/Treas. U.S/1876/1883. 1885** on four lines. Crisp Uncirculated. Regular notes list at \$35.00. With this scarce autograph should be worth many times this amount. Serial Number Z21624730.

3041. F.52. \$2.00, 1880, as above. Exact duplicate to above, serial number same only ending with 734, exact Autograph on four lines, etc. Should bring all of \$75.00

3042. F.56. \$2.00, 1880, similar. Tillman-Morgan and **autographed** by **D. N. Morgan.** This note has a very light minor vertical fold otherwise crisp, Prac. Unc. Worth all of \$45.00

3043. F.86. **\$5.00, 1907.** Portrait of Pioneer family with dog. Jackson at left. Red numeral V, red scalloped seal. With the rare signatures of Napier-Thompson and **autographed, Carmi A. Thompson.** Crisp Uncirculated. This note not only one of the rarest signatures since Mr. Thompson was only in office a short period of about 129 days, but with autograph along with bearing the **very low serial number D-9**, makes it **one of the rarest.** How many could exist of this rarity? ? This note could possibly bring over \$500.00

3044. **\$10.00, 1880.** The so-called Jackass note (when note is inverted the eagle in center appears as a donkey's head). At left, the portrait of Henry Clay, at right, portrait depicting Columbus presenting America to Europe and Asia. Signatures of Tillman-Morgan, **autographed D. N. Morgan.** Ext. Fine. Crisp. Worth all of \$75.00

3045. Another F.111. \$10.00, 1880. Exactly the same but this one is in superb condition. Crisp, Uncirculated. Worth over \$100.00

3046. F.141. \$20.00, 1880. Portrait of Hamilton at left. At right Victory holding a shield with a long pole to cap, advancing. Red scalloped seal. Signatures of Tillman-Morgan with autographed signature of **D. N. Morgan.** Crisp, V. Fine. Much scarcer than the autographed \$1.00 or \$10.00 of this series.

## SILVER CERTIFICATE NOTES WITH AUTOGRAPH

3047. F.223. \$1.00, 1891. Silver Certificate. Portrait of Martha Washington. Red scalloped seal. Signatures of Tillman-Morgan and **autographed by D. N. Morgan.** Crisp Uncirculated. Scarce autograph on this type note. Should bring over \$75.00, especially so choice.

3048. F.223. \$1.00, again, another autographed in similar position over the printed signatures. Equally as choice. Crisp Unc.

SILVER CERTIFICATE NOTES WITH AUTOGRAPH

Lot No.

3049. F.228. \$1.00, 1899. Large defiant eagle resting on our flag. Capitol buildings in background. Portraits of Lincoln and Grant within small wreaths. Large blue numeral 1 and scalloped seal signatures of Vernon-Treat. **Autographed** diagonally by W. T. Vernon. Crisp, V. Fine. We consider Vernon signatures very scarce since Mr. Grinnell always did state that **not many with Vernon's signature exists.**

3050. F.228. Another \$1.00. Similar to above, but with autographed signature of W. T. Vernon/Register of the Treasury/1906-1910, on three lines across the left hand end of this beautiful Crisp, Uncirculated note Worth considerably more than the preceding note.

3051. F.230. \$1.00, 1899. Similar type to above but with signatures of Napier-McClung and with the **exceedingly rare signature of J.C. Napier, Register of the Treasury**, on two lines, vertically on left end of this note. Crisp, Uncirculated. None in Grinnell's collection and as such this one could realize well over the \$100.00 mark.

3052. F.232. **A real rarity.** \$1.00, 1899. Types as preceding, of 4 notes with serial numbers N16N, N17N, N18N and N19N. This is not a reconstructed sheet as the plate letters are in order from low serial number plate letter D-A-B-C, none the less with the signatures of Parker-Burke and **autographed by John Burke** at left end of these notes vertically, makes these low consecutive serial numbers a real show item and the buyer will have much pride in ownership. We value this set very highly and it would not be surprising to see the bidding exceed \$250.00

Lot No.

3055. F.246. \$2.00. 1891. Portrait of William Windom (twice secretary of the Treasury.) Red scalloped seal. Signatures of Tillman-Morgan and **autographed by D. N. Morgan**. Minor creases. Crisp and clean. Prac. Unc. Not too scarce as to the autograph but the note alone is becoming one of our most difficult to acquire in choice condition. Surely should with the autograph exceed \$100.00.

3056. F.252. \$2.00. 1899. Washington in center in ornate frame supported by male and female depicting mechanics and agriculture. Blue numeral 2 and scalloped seal. Signatures of Vernon-McClung and **autographed by W. T. Vernon, Register of the Treasury 1906**. On three lines horizontally at left. Crisp, uncirculated, surely worth close to \$100.00

3057. F.254. \$2.00, 1899. Similar to proceeding lot, with **very low serial number**. H.23 and with the **exceedingly rare signatures of Napier-Thompson**. **Also autographed by Carmi A. Thompson**. This note should be the piece-de-resistance of all the combined series since the \$2.00 note with Mr. Thompson's signature **alone without the autograph** is very scarce and sells over \$250.00 when offered, with the combined autograph. If any action at all takes place, no telling where the price of this note will end.

3058. F.267. \$5.00. 1891. Portrait of General Grant, red scalloped seal. Signatures of Tillman-Morgan. Also **autographed by D. N. Morgan**. A scarce note especially in choice condition. Crisp, uncirculated, and brings over catalogue value of \$45.00 without the autograph. Worth at least \$85.00.

3058-A. F.275. \$5.00 1899. Portrait of the Sioux Indian Chief, Onepapa. Seal is grey-green. Signatures of Napier-McClung and strangely enough, this note is **autographed by John Burke**. This note is strangely and unusually colored. This note and any like it, are man made fabrications . . . the usual green color is chemically treated and as a result you have blue. The note is completely blue on the reverse design. We are suggesting a nice bid to buy this most unusual note, especially the rare autograph of Burkes!. Ext. Fine and worth over \$50.00.

3059. F.299. \$10.00. 1891. Portrait of Thomas Andrew Hendricks (born in Zanesville, Ohio, later a U. S. Senator). Red scalloped seal. Signatures of Tillman-Morgan, **autographed by D. N. Morgan**. Crisp, Prac. Unc. Scarce with autograph on this type note. Worth over \$150.00 and might exceed the amount by far since the higher value notes do not come with autographs as often.

3060. F.318. \$20.00. 1891. Portrait of Daniel Manning (who was Secretary of the Treasury during President Cleveland's administration.) Red scalloped seal. Signatures of Tillman-Morgan with **autographed signature of D. N. Morgan**. Crisp, V. Fine. Still much scarcer than above.

3053. F.232. **Cut sheet of 4.** \$1.00, 1899. Silver Certificates. Similar to preceding lots, with serial No. K17549405K consecutive to K17549408K. Plate letters A-B-C-D; with signatures of Parker-Burke and **autographed** signature of Gabe E. Parker/Register, on 2 lines vertically at left ends of each note. Crisp, Uncirculated. **Mr. Parker was an American Indian.** This set with this autographed signature is **exceedingly rare**, especially in this reconstructed sheet form. Probably will realize even more than the preceding lot.

3054. F.237. \$1.00, 1923. Portrait of Washington, large blue numeral 1 and blue scalloped seal. Signatures of Speelman-White and autographed by Frank White over his printed signature. Crisp, Uncirculated, Choice. Possibly from the Grinnell collection as we have never seen this listed any other place.

## TREASURY OR COIN NOTES WITH AUTOGRAPHS

## Lot No.

3061. F.351. \$1.00. 1891. Treasury or Coin Note. Bust of Stanton, (born in Ohio, American statesman, Secretary of War under Lincoln, Justice of the Supreme Court.) Red scalloped seal. Signatures of Tillman-Morgan and **autographed by D. N. Morgan**, over his printed signature. Crisp, Ext. Fine, scarce note, and especially so with autograph. Worth more than \$50.00.

3062. F.351. Again. \$1.00. 1891. As above but with autographed signature of **D. N. Morgan/Treas. U.S./** 1893-1897, on three lines vertically at left end of this note. Crisp, uncirculated, choice. This note was not listed in Grinnell collection.

3063. F.357. \$2.00. 1891. Bust of General McPherson. Red scalloped seal. **Also autographed by D. N. Morgan.** Crisp, uncirculated. This note without the autograph is much in demand and sells considerable over catalogue value. Should exceed \$75.00

3064. F.357. Again, \$2.00, 1891. Similar note to above but with autographed signature of **John Burke** on the **reverse** side of this note, which makes it a very scarce type. We have never seen this in print before nor was it in the Grinnell sale. Choice, crisp, uncirculated.

3065. F. 363. \$5.00. 1891. Bust of General Thomas. Red scalloped seal. Also autographed by D. N. Morgan. Crisp, uncirculated. **Very scarce.** Also should exceed the \$100.00 mark, especially so nice.

## NATIONAL CURRENCY AUTOGRAPHED NOTES

3066. F.384. \$1.00, 1875. Continental National Bank of New York. Two females at burning altar. Red scalloped seal. Signatures of Allison-Wyman and **autographed by A. U. Wyman**, Treas. U. S. / 1876 / 1883, on four lines vertically on left end of note. A sparkling crisp, uncirculated note. Should exceed \$100.00. Especially on an early note of this type so choice.

3067. F.487. \$10.00. 1882 (Brown back.) (First issue of the second charter period.) The National Union Bank of Maryland, Baltimore, Md., at left. Franklin and a small boy at right, Liberty soaring on an Eagle, brown seal. Signatures of Tillman-Morgan and autographed by D. N. Morgan. Only V. Good to Fine. This must be rare since the condition is the lowest of entire collection. We are assuming that the consignor could not acquire a better one or else he would have done so since he neither spared time nor money collecting this rather extensive collection.

3068. F.621. \$10.00, 1902. The Mellon National Bank of Pittsburgh, Pa. Red Seal. Signed by the Bank President, A. W. Mellon, also **autographed** by Mr. Mellon, vertically at right end of note. Ext. Fine. Crisp.

3069. F.679a. \$5.00. 1902. The Warren National Bank of Pennsylvania. Portrait of Harrison. Blue scalloped seal. **Rare.** Signatures of Napier-Carmi A. Thompson and **Autographed by Carmi A. Thompson.** Crisp, Ext. Fine, Rare, especially with the very scarce signature and with the autograph.

## FEDERAL RESERVE AUTOGRAPHED NOTES

## Lot No.

3070. F.718. \$1.00. 1918. Bank of Cleveland. Portrait of Washington at left. Blue scalloped seal at right. Reverse has a large eagle holding the U. S. flag. Signatures of Teehee-Burke, Baxter-Fancher, with **autographed signatures of both Edward Baxter and E. R. Fancher directly over their printed signatures.** Crisp, uncirculated, choice. Worth over \$35.00.

3071. F.721. \$1.00. 1918. Bank of Richmond, Va. Signatures of Elliott-Burke and Keesee-Seay. Also **autographed** by both Cashier and Governor of the State, George H. Keesee and George J. Seay. Crisp, V. Fine. **Probably unique**, from the Grinnell collection. Difficult to place a valuation but should bring, at today's advance in collecting prices, well over \$75.00.

3072. F.757. \$2.00. 1918. Bank of Cleveland. Teehee-Burke and Baxter-Fancher. **Autographed by E. R. Fancher alone.** This note is crisp, uncirculated. Also has an interesting low serial number D209A. We believe this note to be possibly unique with **Mr. Fancher's signature alone**, may bring \$100.00.

3073. F.874. \$5.00. 1914. Bank of St. Louis, similar portrait. Blue seal. Signatures of Burke-Houston and **autographed by D. F. Houston.** Crisp, Prac. Unc. Although these notes are usually considered more or less on the common side, with this very rare autograph which we have never seen or handled, could bring well up in the \$100.00 bracket.

3074. F.885. \$5.00. 1914. Bank of Dallas. Similar portrait and seal. Signatures of Burke-Glass, also **autographed by Carter Glass.** This also may be virtually unique as we have never viewed or heard of another with this **autograph**.

3075. F.842. \$5.00. 1914. Bank of Dallas, Texas. Portrait of Lincoln. Red seal. Signatures of Burke-McAdoo and **autographed by McAdoo.** Crisp, uncirculated. We quote Mr. Grinnell—"the 1914 Federal Reserve notes with autographs are **extremely rare**". This note we have never seen or handled before. It may bring spirited bidding and would not surprise us to see it exceed \$200.00.

3076. F.902. \$10.00, 1914. Bank of Dallas, Texas. Red seal. Signatures of Burke-McAdoo. Also **autographed by McAdoo.** Crisp, Ext. Fine. We doubt if another of this type with this signature exists. Scarcer than the above note.

**Not:** Lot No. 3075 and 3076 would make outstanding show pieces as well as outstanding rarities. We again will entertain a combination bid on these two notes as one lot.

**SMALL SIZED NOTES, SILVER CERTIFICATES,  
ALSO A PAIR OF FEDERAL RESERVE NOTES  
WITH AUTOGRAPHED SIGNATURES. ALL THE  
1.00 SILVER CERTIFICATES BEAR THE POR-  
TRAIT OF WASHINGTON AND HAVE BLUE  
SEALS.**

# FEDERAL RESERVE AUTOGRAPHED NOTES

**Lot No.**

3077. F.1401. \$1.00. 1928 A with both autographed signatures of W. O. Woods and A. W. Mellon. Crisp, uncirculated. In the famous celebrated Albert A. Grinnell collection two separate notes of this series were offered, neither of the notes had both signatures on the same note together. We listed these notes in one of our early catalogues and sold them to the owner who consigned the whole of his collection. He paid \$25.00 for this one which we listed openly as unique. Hearing no comments at that time for using this bold term **UNIQUE** we are hereby using it again and still maintain that because of its true rarity should bring considerable over this amount.

3078. F.1401. \$1.00. 1928 A. Again, but this time with only A. W. Mellon's autographed signature vertically at right end of the note. Crisp, uncirculated.

3079. F.1402. \$1.00. 1928 B, with signatures and autographed signatures of W. O. Woods-Ogden L. Mills. Crisp, uncirculated. Originally cost \$21.50. This note is a companion note to the one listed in Grinnell sale which had the plate letter and number C4 and this one now offered has C3.

3080. F.1403. \$1.00. 1928 C, with **autographed** signatures of W. O. Woods and W. H. Woodin. Crisp, uncirculated. Not only is this a **scarce note** but with these **unique autographed signatures** we anticipate considerable action on this outstanding rarity and will venture to say that it will bring well over \$100.00. Note: Above two men were only in office together 50 some odd days.

3081. F.1404. \$1.00. 1928 D. **Autographed** signatures of W. A. Julian-W. H. Woodin. Crisp, uncirculated. another possibly **UNIQUE** note as to autographed signatures. Note: We have seen one other with Mr. Woodin's signature on this type note **alone**, but never with both signatures. Nearly as rare as the above note and should again bring a handsome price.

3082. F.1405. \$1.00. 1928 E. The **scarcest** of all the small sized notes of this series, selling when offered at around \$125.00 but with this possibly **unique autographed** signatures of **both** W. A. Julian-Henry Morganthau, Jr., making this the outstanding of all the small sized notes. Crisp, Unc. and worthy of a bid around \$250.00. Note: There are other autographed notes with one or the other signature but we have never seen or heard of any with both, as this one has.

3083. F.1406. \$1.00. 1934. This is now a new type. The seal is to the right and a large numeral 1 has been added to the left side. **Autographed** signatures of W. A. Julian and Henry Morganthau, Jr. Crisp, uncirculated. Another possibly **unique note**. There are notes with single signatures but we never seen this one listed or offered with both signatures on the same note. Should bring over \$50.00.

3084. F.1410. \$1.00. 1935 C, with autographed signatures of W. A. Julian-John W. Snyder. Crisp, uncirculated, \$20.00.

3085. F.1411. \$1.00. 1935 D with **autographed** signatures of Georgia Neese Clarke John W. Snyder. Also \$1.00 1935 E with **autographed** signatures of Priest-Humphrey. Both crisp, uncirculated. Cost \$22.50. Worth considerable over the amount.

**Lot No.**

3086. \$1.00. 1935 D. Silver Certificate. Also \$5.00 and \$10.00, 1950. Federal Reserve Bank of Kansas City, Missouri. **All with signatures of Georgia Neese Clarke.** Three notes, first is Prac. Unc. Last two are uncirculated.

Note. (For other currency listing, refer to lot 2193)

## SILVER CERTIFICATES

We wish to call your attention to the fact that most all of the Silver Certificates are definitely very underpriced in the standard catalogues. Especially the 1878, 1880, 1886 and 1891 in choice uncirculated conditions. For many years we have purchased collection after collection and the uncirculated Silver Certificates were the most elusive. If seriously interested in acquiring any of these, your bids should be somewhat higher.
